NET CONTENTS 1 LITER

RESTORE MICROBIAL INOCULANT

HOW TO USE

OPEN CAP REGULARLY IF PRESSURE BUILDS. Contains live microbial activity that produces gas. Dilute 1:20 with water. Apply every 7-14 days. Do not apply in full sun.

INSTRUCTIONS

DO NOT SHAKE. MIX GENTLY before use. Mix only what you need for one application at a time.

SEED GERMINATION
Mix 10-20 ml with 1 L of water to spray seeds before planting.

SOIL / FOLIAR SPRAY
Mix 30 ml with 1 liter of water. If spray, apply early morning or evening to both sides of the leaves.

DRIP IRRIGATION
Apply after rain, or water first to help soil absorb. Mix 3 L in 100 L of water per acre.

DIGESTIVE AID
Mix 30 ml with 1 liter of water to make a solution first. Add 30 ml of solution to every liter of water.

FEED SILAGE
Mix 20 ml with 3 liters of water and spray on to 6 kg of feed. Cover and place in a dark area up to 7 days. For larger batches mix 1.2 L with 40 L of water to soak 25 kg for a few hours up to 3 days.

PENS / SHEDS ODOR CONTROL
Mix 30 ml in 1 L of water to spray pens, sheds, and animal bedding to mix in for odor control.

INGREDIENTS

Lactobacillus serum	50%
Molasses	50%
TOTAL	100%
pH	3.5-3.8

GUARANTEED ANALYSIS

Lactobacillus > 1100 cfu/g

STORAGE

 Do not refrigerate. Store in a cool place away from direct sunlight. Do not store in diluted form. Dispose of empty container according to local regulations.

CAUTIONS

 Use only as directed. Not for human consumption. In case of ingestion drink water. Consult a doctor if needed. Generally miscible with other fertilizers. When in doubt, test a small area first to determine compatibility. Do not mix directly, always add to tank after water.

No warranty is expressed nor implied. Timing and method of application, weather, watering practices, nature of soil, insects and other influencing factors are beyond the seller's control. Buyer assumes all risk of use, storage and handling not in accordance with manufacturer's instructions.
