CAUTIONS

Use only as directed. Do not mix with strong acids or bases. Do not use on nasturtiums, sweet peas and delicate ferns. Take care on seedlings, transplants and flowers. Always test for phytotoxicity on a small area first. Avoid spraying plants already stressed from heat (30°C) or moisture deficiency. Rehydrate plants for 3 days before applying.

Do not consume. Ingestion may cause up-set stomach. May cause irritation of skin and eyes. Use gloves and goggles to avoid contact. To avoid inhalation, wear a mask when spraying. No re-entry restrictions.
